

**ROHAN Grant Application**  
**(Alternate Education Programs only)**

This program offers grants to Alternate Education programs for the purpose of securing *Art Explosion: Empowerment For Life* courses for youth at-risk. This is in recognition of the vulnerable nature of these students, the potential for benefit, and budget challenges faced by smaller alternate education programs. Each Alternate Education program may apply for one grant of \$800 - \$1400 per course, or \$2400 - \$4200 per full program (all three courses). Courses may be purchased by individual institutions or schools in partnership within one school district. Please fill application out completely and email to [refresh-ed@msn.com](mailto:refresh-ed@msn.com).
